Tipping Point Scoring Sheet

Names:

Instructions:

1. In the right hand column, put a checkmark beside each card included in your **Committee's Final Proposal**.
2. Using the scoring sheet, tally each stakeholder's points and write them down in the chart below. You can use the space provided to help you keep track as you add up your score.
3. Calculate your committee's **Common Good Score** by subtracting the lowest stakeholder score from the **highest** stakeholder score. Write the result down in the space provided.
4. Hand your scoring sheet back to your teacher.

Stakeholder Scores: Tally your stakeholder scores in the space provided below:

All For One (AFO)	Business Improvement Association (BIA)	Citizens for a Greener Community (CGC)	For United Neighbours (FUN)
Total:	Total:	Total:	Total:

Common Good score:

$$\frac{\text{highest stakeholder score}}{\text{lowest stakeholder score}} = \text{Common Good Score}$$
